Hi everyone,

In honor of Earth Day and, well, you are all so creative and probably have a little extra time on your hands, lets ... MAKE SOME INSTRUMENTS!!!

Watch these videos to give you ideas of the type of things that you can make:

EASY HOMEMADE INSTRUMENTS FOR KIDS

Homemade Instruments for Kids

4 MUSICAL INSTRUMENTS Crafts you can do anytime | Fast-n-Easy | DIY Labs

DIY Musical Instruments for Kids | Make Your Own Musical Instruments at Home

72 HOMEMADE INSTRUMENTS IN 7 MINUTES

Then think about the following questions:
1- What is the name of your instrument?
2- What family or families does your instrument belong to?
Strings, Percussion, Woodwind, or Brass
3- How is your instrument played?
4- What range does your instrument play? Remember, if it's small, thin, or short, the pitch is higher. If it's large, thick, or long, the pitch is lower.
5- What materials did you use?
6- Does it work?

When you finish your instrument, tell everyone about it on the blog or Google Classroom, share when I stop into your online class meetings, or ALL OF THESE!

I can't wait to see what you will come up with!

Ms Brightbill
